

Phased School Reopening Health and Safety Plan Template

Each school entity must create a Health and Safety Plan which will serve as the local guidelines for all instructional and non- instructional school reopening activities. As with all emergency plans, the Health and Safety Plan developed for each school entity should be tailored to the unique needs of each school and should be created in consultation with local health agencies. Given the dynamic nature of the pandemic, each plan should incorporate enough flexibility to adapt to changing conditions. The templates provided in this toolkit can be used to document a school entity's Health and Safety Plan, with a focus on professional learning and communications, to ensure all stakeholders are fully informed and prepared for a local phased reopening of school facilities. A school entity's Health and Safety Plan must be approved by its governing body and posted on the school entity's publicly available website prior to the reopening of school. School entities should also consider whether the adoption of a new policy or the modification of an existing policy is necessary to effectively implement the Health and Safety Plan.

Each school entity should continue to monitor its Health and Safety Plan throughout the year and update as needed. All revisions should be reviewed and approved by the governing body prior to posting on the school entity's public website.

Health and Safety Plan Governing Body Affirmation Statement	21

This resource draws on a resource created by the Council of Chief State School Officers (CCSSO) that is based on official guidance from multiple sources to include: the Centers for Disease Control and Prevention, the White House, American Academy of Pediatrics, Learning Policy Institute, American Enterprise Institute, Rutgers Graduate School of Education, the World Health Organization, the Office of the Prime Minister of Norway as well as the departments of education/health and/or offices of the governor for Idaho, Montana, New York, Texas and Washington, DC.

Health and Safety Plan: **BRIGHT BEGINNINGS PRESCHOOL, INC. -- ANNVILLE**

All decision-makers should be mindful that as long as there are cases of COVID-19 in the community, there are no strategies that can completely eliminate transmission risk within a school population. The goal is to keep transmission as low as possible to safely continue school activities. All school activities must be informed by [Governor Wolf's Process to Reopen Pennsylvania](#). The administration has categorized reopening into three broad phases: red, yellow, or green. These designations signal how counties and/or regions may begin easing some restrictions on school, work, congregate settings, and social interactions:

- The Red Phase: Schools remain closed for in-person instruction and all instruction must be provided via remote learning, whether using digital or non-digital platforms. Provisions for student services such as school meal programs should continue. Large gatherings are prohibited.
- The Yellow Phase and Green Phase: Schools may provide in-person instruction after developing a written Health and Safety Plan, to be approved by the local governing body (e.g. board of directors/trustees) and posted on the school entity's publicly available website.

Based on your county's current designation (i.e., red, yellow, green) and the best interests of your local community, indicate which type of reopening your LEA has selected by checking the appropriate box in row three of the table below. Use the remainder of the template to document your LEA's plan to bring back students and staff, how you will communicate the type of reopening with stakeholders in your community, and the process for continued monitoring of local health data to assess implications for school operations and potential adjustments throughout the school year.

Depending upon the public health conditions in any county within the Commonwealth, there could be additional actions, orders, or guidance provided by the Pennsylvania Department of Education (PDE) and/or the Pennsylvania Department of Health (DOH) designating the county as being in the red, yellow, or green phase. Some counties may not experience a straight path from a red designation, to a yellow, and then a green designation. Instead, cycling back and forth between less restrictive to more restrictive designations may occur as public health indicators improve or worsen. This means that your school entity should account for changing conditions in your local Health and Safety Plan to ensure fluid transition from more to less restrictive conditions in each of the phase requirements as needed.

Type of Reopening

Key Questions

- How do you plan to bring students and staff back to physical school buildings, particularly if you still need social distancing in place?
- How did you engage stakeholders in the type of re-opening your school entity selected?
- How will you communicate your plan to your local community?
- Once you reopen, what will the decision-making process look like to prompt a school closure or other significant modification to operations?

Based on your county's current designation and local community needs, which type of reopening has your school entity selected? (SELECT ONE BOX BELOW)

- Total reopen for all students and staff (but some students/families opt for distance learning out of safety/health concern).
- Scaffolded reopening: Some students are engaged in in-person learning, while others are distance learning (i.e., some grade levels in-person, other grade levels remote learning).
- Blended reopening that balances in-person learning and remote learning for all students (i.e., alternating days or weeks).
- Total remote learning for all students. (Plan should reflect future action steps to be implemented and conditions that would prompt the decision as to when schools will re-open for in-person learning).

Anticipated launch date for in-person learning (i.e., start of blended, scaffolded, or total reopening): **JANUARY 11, 2021**

Pandemic Coordinator/Team

Each school entity is required to identify a pandemic coordinator and/or pandemic team with defined roles and responsibilities for health and safety preparedness and response planning during the phased reopening of schools. The pandemic coordinator and team will be responsible for facilitating the local planning process, monitoring implementation of your local Health and Safety Plan, and continued monitoring of local health data to assess implications for school operations and potential adjustments to the Health and Safety Plan throughout the school year. To ensure a comprehensive plan that reflects the considerations and needs of every stakeholder in the local education community, LEAs are encouraged to establish a pandemic team to support the pandemic coordinator. Inclusion of a diverse group of stakeholders is critical to the success of planning and implementation. LEAs are highly encouraged to make extra effort to engage representatives from every stakeholder group (i.e., administrators, teachers, support staff, students, families, community health official or other partners), with a special focus on ensuring that the voices of underrepresented and historically marginalized stakeholder groups are prioritized. In the table below, identify the individual who will serve as the pandemic coordinator and the stakeholder group they represent in the row marked “Pandemic Coordinator”. For each additional pandemic team member, enter the individual’s name, stakeholder group they represent, and the specific role they will play in planning and implementation of your local Health and Safety Plan by entering one of the following under “Pandemic Team Roles and Responsibilities”:

- **Health and Safety Plan Development:** Individual will play a role in drafting the enclosed Health and Safety Plan;
- **Pandemic Crisis Response Team:** Individual will play a role in within-year decision making regarding response efforts in the event of a confirmed positive case or exposure among staff and students; or
- **Both (Plan Development and Response Team):** Individual will play a role in drafting the plan and within-year decision making regarding response efforts in the event of confirmed positive case.

Individual(s)	Stakeholder Group Represented	Pandemic Team Roles and Responsibilities (Options Above)
LORI WEIMER	Co-owner	All of the above
LYNN FACKLER	Co-owner	All of the above

--	--	--

Key Strategies, Policies, and Procedures

Once your LEA has determined the type of reopening that is best for your local community and established a pandemic coordinator and/or pandemic team, use the action plan templates on the following pages to create a thorough plan for each of the requirements outlined in the Pennsylvania Department of Education’s Preliminary Guidance for Phased Reopening of PreK-12 Schools.

For each domain of the Health and Safety Plan, draft a detailed summary describing the key strategies, policies, and procedures your LEA will employ to satisfy the requirements of the domain. The domain summary will serve as the public-facing description of the efforts your LEA will take to ensure health and safety of every stakeholder in your local education community. Thus, the summary should be focused on the key information that staff, students, and families will require to clearly understand your local plan for the phased reopening of schools. You can use the key questions to guide your domain summary.

For each requirement within each domain, document the following:

- **Action Steps under Yellow Phase:** Identify the discrete action steps required to prepare for and implement the requirement under the guidelines outlined for counties in yellow. List the discrete action steps for each requirement in sequential order.
- **Action Steps under Green Phase:** Identify the specific adjustments the LEA or school will make to the requirement during the time period the county is designated as green. If implementation of the requirement will be the same regardless of county designation, then type “same as Yellow” in this cell.
- **Lead Individual and Position:** List the person(s) responsible for ensuring the action steps are fully planned and the school system is prepared for effective implementation.
- **Materials, Resources, and/or Supports Needed:** List any materials, resources, or support required to implement the requirement.
- **Professional Development (PD) Required:** In order to implement this requirement effectively, will staff, students, families, or other stakeholders require professional development?

In the following tables, an asterisk (*) denotes a mandatory element of the plan. All other requirements are highly encouraged to the extent possible.

Cleaning, Sanitizing, Disinfecting, and Ventilation

Key Questions

- How will you ensure the building is cleaned and ready to safely welcome staff and students?
- How will you procure adequate disinfection supplies meeting OSHA and [CDC requirements for COVID-19](#)?
- How often will you implement cleaning, sanitation, disinfecting, and ventilation protocols/procedures to maintain staff and student safety?
- What protocols will you put in place to clean and disinfect throughout an individual school day?
- Which stakeholders will be trained on cleaning, sanitizing, disinfecting, and ventilation protocols? When and how will the training be provided? How will preparedness to implement as a result of the training be measured?

Summary of Responses to Key Questions: **HEALTH & SAFETY PLAN – COVID-19**

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
* Cleaning, sanitizing, disinfecting, and ventilating learning spaces, surfaces, and any other areas used by students (i.e., restrooms, drinking fountains, hallways, and transportation)	A professional cleaning service will clean weekly with approved products. Staff will clean and disinfect between classes and at the end of the day. Drinking fountain will be off-limits and covered.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
Other cleaning, sanitizing, disinfecting, and ventilation practices	An entrance window will be open during Drop-off and Pick-up.				

Social Distancing and Other Safety Protocols

Key Questions

- How will classrooms/learning spaces be organized to mitigate spread?
- How will you group students with staff to limit the number of individuals who come into contact with each other throughout the school day?
- What policies and procedures will govern use of other communal spaces within the school building?
- How will you utilize outdoor space to help meet social distancing needs?
- What hygiene routines will be implemented throughout the school day?
- How will you adjust student transportation to meet social distancing requirements?
- What visitor and volunteer policies will you implement to mitigate spread?
- Will any of these social distancing and other safety protocols differ based on age and/or grade ranges?
- Which stakeholders will be trained on social distancing and other safety protocols? When and how will the training be provided? How will preparedness to implement as a result of the training be measured?

Summary of Responses to Key Questions: HEALTH & SAFETY PLAN – COVID-19

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
* Classroom/ learning space occupancy that allows for 6 feet of separation among students and staff throughout the day, to the maximum extent feasible	Students will be spaced during Circle Time, Story Time and during their turn at the teachers' tables.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
* Restricting the use of cafeterias and other congregate settings, and serving meals in alternate settings such as classrooms	Meals are not served. A simple snack will be served in small individual, disposable cups. It will be offered to students while distanced during Story Time.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
* Hygiene practices for students and staff including the manner and frequency of hand-washing and other best practices	Adults will be sure to help the students wash their hands properly upon arrival. Hand washing/use of hand sanitizer as normal, at snack time and after bathroom use.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
* Posting signs, in highly visible locations, that promote everyday protective measures, and how to stop the spread of germs	A sign for required cloth face coverings for both adults and students who enter the building will be displayed at the entrance. A sign, including a chant for handwashing, will be displayed in the bathroom.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
* Identifying and restricting non-essential visitors and volunteers	A No Visitors or Volunteers Policy has been implemented for the 2020-2021 School Year.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
* Handling sporting activities for recess and physical education classes consistent with the CDC Considerations for Youth Sports	n/a				
Limiting the sharing of materials among students	Individually bagged supplies are available for each student.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
Staggering the use of communal spaces and hallways	The hallway, which is a usual gathering place for students/parents, will be used as a quick Drop-off point.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
Adjusting transportation schedules and practices to create social distance between students	n/a				

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
Limiting the number of individuals in classrooms and other learning spaces, and interactions between groups of students	We have decreased our maximum number of students per class.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
Coordinating with local childcare regarding on site care, transportation protocol changes and, when possible, revised hours of operation or modified school-year calendars	n/a				
Other social distancing and safety practices	Parents will be distanced by 6 feet, while arriving and dropping off students. Pick-up procedure has completely changed, as teachers will take students to the parking lot to meet with their parent.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	

Monitoring Student and Staff Health

Key Questions

- How will you monitor students, staff, and others who interact with each other to ensure they are healthy and not exhibiting signs of illness?

- Where, to whom, when, and how frequently will the monitoring take place (e.g. parent or child report from home or upon arrival to school)?
- What is the policy for quarantine or isolation if a staff, student, or other member of the school community becomes ill or has been exposed to an individual confirmed positive for COVID-19?
- Which staff will be responsible for making decisions regarding quarantine or isolation requirements of staff or students?
- What conditions will a staff or student confirmed to have COVID-19 need to meet to safely return to school? How will you accommodate staff who are unable to uncomfortable to return?
- How will you determine which students are willing/able to return? How will you accommodate students who are unable or uncomfortable to return?
- When and how will families be notified of confirmed staff or student illness or exposure and resulting changes to the local Health and Safety Plan?
- Which stakeholders will be trained on protocols for monitoring student and staff health? When and how will the training be provided? How will preparedness to implement as a result of the training be measured?

Summary of Responses to Key Questions: HEALTH & SAFETY PLAN – COVID-19

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
* Monitoring students and staff for symptoms and history of exposure	Parents are told to not bring their child to preschool, even with the slightest symptoms. The child must be fever-free for 48 hrs. before returning to preschool. Parents will sign a “Symptoms and Contact” form prior to entering each school day. Students will receive a temperature check prior to entering each school day.	Same of Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
* Isolating or quarantining students, staff, or visitors if they become sick or demonstrate a history of exposure	The Teacher's Aide will remove student from classroom, call the parent, and both will go to the exterior entranceway while awaiting parent pick-up.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner		
* Returning isolated or quarantined staff, students, or visitors to school	If a student or staff member tests positive for COVID-19, he/she will be allowed to return to preschool 14 days after first signs of symptoms and after having been fever-free for 48 hrs.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
Notifying staff, families, and the public of school closures and within-school-year changes in safety protocols	Staff and preschool families will be notified, if a student or staff member tests positive for COVID-19. Notification will be via email or phone call. All will be notified of any changes in safety protocols, as well.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
Other monitoring and screening practices					

Other Considerations for Students and Staff

Key Questions

- What is the local policy/procedure regarding face coverings for staff? What is the policy/procedure for students?
- What special protocols will you implement to protect students and staff at higher risk for severe illness?
- How will you ensure enough substitute teachers are prepared in the event of staff illness?

- How will the LEA strategically deploy instructional and non-instructional staff to ensure all students have access to quality learning opportunities, as well as supports for social emotional wellness at school and at home?

Summary of Responses to Key Questions: HEALTH & SAFETY PLAN – COVID-19

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
* Protecting students and staff at higher risk for severe illness	Temperature checks for students and staff, cleaning and disinfecting, social distancing (where feasible in a preschool setting), handwashing and cloth face coverings are all used to protect our students and staff.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	
* Use of face coverings (masks or face shields) by all staff	Cloth face coverings will be worn by all staff. In addition to the cloth face covering, a face shield may be used when working closely with a student.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines/PA Governor Wolf's Mask Mandate	
* Use of face coverings (masks or face shields) by older students (as appropriate)	Cloth face coverings will be worn by all students.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines/PA Governor Wolf's Mask Mandate	
Unique safety protocols for students with complex needs or other vulnerable individuals	IU13 may need to be in the classroom when necessary for specific students.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner		

Requirements	Action Steps under Yellow Phase	Action Steps under Green Phase	Lead Individual and Position	Materials, Resources, and or Supports Needed	PD Required (Y/N)
Strategic deployment of staff	We have been continually updating our staff with the guidelines that will be in place. This information is shared via email or phone call.	Same as Yellow Phase	Lori Weimer, co-owner Lynn Fackler, co-owner	CDC Guidelines	

Health and Safety Plan Professional Development

The success of your plan for a healthy and safe reopening requires all stakeholders to be prepared with the necessary knowledge and skills to implement the plan as intended. For each item that requires professional development, document the following components of your professional learning plan.

- **Topic:** List the content on which the professional development will focus.
- **Audience:** List the stakeholder group(s) who will participate in the professional learning activity.
- **Lead Person and Position:** List the person or organization that will provide the professional learning.
- **Session Format:** List the strategy/format that will be utilized to facilitate participant learning.
- **Materials, Resources, and or Supports Needed:** List any materials, resources, or support required to implement the requirement.
- **Start Date:** Enter the date on which the first professional learning activity for the topic will be offered.
- **Completion Date:** Enter the date on which the last professional learning activity for the topic will be offered.

Topic	Audience	Lead Person and Position	Session Format	Materials, Resources, and or Supports Needed	Start Date	Completion Date
Health & Safety Plan	Lori Weimer, co-owner/Teacher's Aide Lynn Fackler, co-owner/Teacher Alisha Fleischer, Teacher Maria Trate, Teacher's Aide	Lori Weimer, co-owner Lynn Fackler, co-owner	We have been continually updating our staff with the guidelines that will be in place. This information is shared via email or phone call. When we return to set up our classroom for our January opening, guidance and discussions will be in-person.	CDC Guidelines	July 15, 2020	January 8, 2021

Health and Safety Plan Communications

Timely and effective family and caregiver communication about health and safety protocols and schedules will be critical. Schools should be particularly mindful that frequent communications are accessible in non-English languages and to all caregivers (this is particularly important for children residing with grandparents or other kin or foster caregivers). Additionally, LEAs should establish and maintain ongoing communication with local and state authorities to determine current mitigation levels in your community.

Topic	Audience	Lead Person and Position	Mode of Communications	Start Date	Completion Date
Health & Safety Plan	Staff and Preschool Families	Lori Weimer, co-owner Lynn Fackler, co-owner	Letters, phone calls, emails, Bright Beginnings Preschool website	July 15, 2020	On-going

Health and Safety Plan Summary: **BRIGHT BEGINNINGS PRESCHOOL, INC. -- ANNVILLE**

Anticipated Launch Date: **JANUARY 11, 2021**

Use these summary tables to provide your local education community with a detailed overview of your Health and Safety Plan. LEAs are required to post this summary on their website. To complete the summary, copy and paste the domain summaries from the Health and Safety Plan tables above.

Facilities Cleaning, Sanitizing, Disinfecting and Ventilation

Requirement(s)	Strategies, Policies and Procedures
* Cleaning, sanitizing, disinfecting, and ventilating learning spaces, surfaces, and any other areas used by students (i.e., restrooms, drinking fountains, hallways, and transportation)	Professional cleaning service cleaning and disinfecting, weekly. Staff cleaning and disinfecting between classes and at the end of the day. Window open at entranceway. Drinking fountain is off-limits/covered.

Social Distancing and Other Safety Protocols

Requirement(s)	Strategies, Policies and Procedures
* Classroom/learning space occupancy that allows for 6 feet of separation among students and staff throughout the day, to the maximum extent feasible	Social distancing practiced as much as feasibly possible in a preschool setting.
* Restricting the use of cafeterias and other congregate settings, and serving meals in alternate settings such as classrooms	No meals served. Simple snack offered away from tables.
* Hygiene practices for students and staff including the manner and frequency of hand-washing and other best practices	Handwashing and hand sanitizer used.
* Posting signs, in highly visible locations, that promote everyday protective measures, and how to stop the spread	Face covering requirement sign at entrance. Handwashing sign (including a chant) in bathroom.

Requirement(s)	Strategies, Policies and Procedures
<p>of germs</p> <p>* Handling sporting activities consistent with the CDC Considerations for Youth Sports for recess and physical education classes</p> <p>Limiting the sharing of materials among students</p> <p>Staggering the use of communal spaces and hallways</p> <p>Adjusting transportation schedules and practices to create social distance between students</p> <p>Limiting the number of individuals in classrooms and other learning spaces, and interactions between groups of students</p> <p>Coordinating with local childcare regarding on site care, transportation protocol changes and, when possible, revised hours of operation or modified school-year calendars</p> <p>Other social distancing and safety practices</p>	<p>n/a</p> <p>Each student will receive individually bagged supplies. Students will be spaced at Circle Time, Story Time and at teacher tables.</p> <p>n/a</p> <p>We are following the CDC Guidelines, as much as feasible in a preschool environment.</p>

Monitoring Student and Staff Health

Requirement(s)	Strategies, Policies and Procedures
<p>* Monitoring students and staff for symptoms and history of exposure</p> <p>* Isolating or quarantining students, staff, or visitors if they become sick or demonstrate a history of exposure</p> <p>* Returning isolated or quarantined staff, students, or</p>	<p>A form will be signed by the parents before entering the building each school day. Temperature checks for students and teachers.</p> <p>Parent will be called, and the teacher's aide will take student to exterior entrance while awaiting pick-up.</p> <p>If a positive COVID test result, students and staff will</p>

Requirement(s)	Strategies, Policies and Procedures
visitors to school Notifying staff, families, and the public of school closures and within-school- year changes in safety protocols	quarantine for 14 days from first sign of symptoms and after 48 hours fever free. Notifications will be via phone calls or emails.

Other Considerations for Students and Staff

Requirement(s)	Strategies, Policies and Procedures
<ul style="list-style-type: none"> * Protecting students and staff at higher risk for severe illness * Use of face coverings (masks or face shields) by all staff * Use of face coverings (masks or face shields) by older students (as appropriate) Unique safety protocols for students with complex needs or other vulnerable individuals Strategic deployment of staff 	Following CDC Guidelines Cloth face coverings are required. Cloth face coverings are required. IU13 may need to be in the classroom for a specific student. Continually informing our staff of the health and safety protocols.

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for **BRIGHT BEGINNINGS PRESCHOOL, INC. -- ANNVILLE** reviewed and approved the Phased School Reopening Health and Safety Plan on **September 28, 2020**.

The plan was approved by a vote of:

 2 Yes

 No

Affirmed on: **September 28, 2020**

By:

(Signature of Board President)*

Lori Weimer, President Lynn Fackler, Vice-President

(Print Name of Board President)

*Electronic signatures on this document are acceptable using one of the two methods detailed below.

Option A: The use of actual signatures is encouraged whenever possible. This method requires that the document be printed, signed, scanned, and then submitted.

Option B: If printing and scanning are not possible, add an electronic signature using the resident Microsoft Office product signature option, which is free to everyone, no installation or purchase needed.
